

Robot engineer-	Drone dispatcher (Μη επανδρωμένος αποστολέας)	Cyber crime officers-	E-learning manager
Biomedical Engineer-	Environmental Engineer-	Drone policeman	online doctor
Virtual Teacher/Lecturer	care for older people-	Alternative energy developer	bio-farmers / even in a highly technical future people have to eat and more people will be obsessed with healthy eating
Coding educator-	Online instructor	Smart house engineer-	Augmented Reality teachers
Webinar moderator	App creator	Data Analyst	Alternative Energy Engineer-
Online tutor	Remote surgeon-	Psychologist for kids	social media lawyer
Solar Technology Specialist	waste management specialist-	Space architect	Digital landscape designer
nanotechnology specialists-	biotechnology engineer	Sustainability consultant	3D food designer
Virtual environments	Human DNA Programmer-	Genetic modifiers, biotechnologist	Earthquake Forecasters
Coding Engineer-	School librarian	Programmer / Software Engineer	Social Media Self- Branding coach-
Robotic doctors	Virtual translator	Social media manager	Online reporter
Internet of things engineer	online psychologist	3D Stylist	Personal problem solver
online learning material designer	Online security and privacy analyst	Domestic electronic assistant.	Privacy manager
Gamification designer-	Virtual caregiver for old people-	Personal day organizer - virtual secretary	Children developers-
space architect-	web designer	Vertical farmers. Vertical farms in skyscrapers in city centers.-	Body Part Builder
implant organ designer-	Space tourist pilot	Creativity consultant	Life Skills Coach-
mental health therapist	digital advisor-	Data analyst and statistician	Financial controller
Holograms designer-	Nano Medic	Weather Modification Police -	engineer for teleportation-
policemen against online	digital image consultant-	Organ designer / engineer-	online chemist/druggist
Distance Learning	3D printing sculptors, artists	Data protection officer	psychologist

Social Media Analist	programmer	Philosopher	Home Automation Consultant
foreign language speaker-	school teacher-	librarian online books	Solar panels repair technician
Geoengineers – Weather Control Specialists	3D virtual cook assistant	organic fertiliser creator for city allotments	Robotics- Distribution of programmed intelligence
Manager of information	farmer who care certified organic agriculture with sustainable use of biotechnology	cyber nannies. People who will take care of what our children visit on line and protect them from the perils of the Internet and social networks	Gamification of educational material-
Ethical Hacker	Virtual architect	School Teachers: after all, humans learn in groups-	Digital Data Security Specialist
Digital skills tutor	robotic engineers	Information Security Analyst	Online consultant-
online job developper	online counsellor	online English teacher-	Genetic architects-
Personal online psychiatrist	Concept artists	Specialist in e-safety	Online mentor or co-teacher-
Smart home handyman-	Artificial Intelligence Expert-	driverless taxi operator	Digital artist
Virtual lawyers	Farmers will unite to develop online selling	aereospace engineer-	on line psychologist
Vegan restaurateur-	online doctors and nurses-	Cook at home (instead going to the restaurant)-	Software Application Programmer - Computer Programmer-
Wind turbine repair technician-	Online priest-	drone traffic optimizer	course creator and designer of online courses
Online coaching-	Programmers (and probably graphic designer, for easier readable web pages). Anyway, programmers will be necessary in every work fields.-	Rehab specialists for internet addicts-	design and implementation educational objects 3d-
Professional babysitting-	online coordinator for virtual	online surgeon-	Online communication

	communication impaired people.-		consultant. To help people communicate via social media. To manage their online image and messages and so on.
trainers at work to increase physical condition of employees-	Memory manipulator	Surgeon - robotic limbs compensation-	Online mentor
online digitalised educator-	computing jobs and the ones that call for creative thinking	Sustainable farming specialist in developing countries-	Terraforming Expert
App Creator	Plummer, electrician, gardner, etc. to be hired online (Amazon is thinking of offering this service) with credentials and thus selected for you (customer).	Artificial food maker	Spatial cicerone
urban agriculturalists	Anlyste of digital applications	interplanetary traveler-	Space tour guide -
designing online teaching material, 3D engineering, designing clothes to fit with holograms.-	blogger	Coding teacher	personal care-
bio-technologists	Self-fitting clothes designer	Vet-	Cosmetic Bioprinter
online personal trainers-	Robotic distant surgery	Information gatherer-	space scientist-
Augmented reality engineer	space agriculturalist	online caregivers for old people	computer system administrators
Online Security system programmer	Designer of artificial limbs	Virtual Reality Integrator-	3D fooddesigner
Drivers to deliver everything at home	online babysitting counsellor	politician	Designer
Explorer of Mars-	online lifecoach	Guidance counselors. Society is so complex that requires a clear and professional informations.-	Coaches/Teachers helping people to be more intentional about how they live. Increasingly people are becoming more conscious about what they eat, wear, etc
Eye Doctors (online	E-Wedding	Software engineer	online Psychologist

and in local areas)-	organizer		
innovators	bus driver Earth-Moon	on-line sanitary assistant	Recycler scientist (creates new things from rubbish)
Engineers and teachers	Digital surgeon implants and bionic	Digital traffic lights that inform you about the traffic in real time-	Social workers
Web Master/Web Design/Web Development	tools for information and analytical support educational research-	Data governance/security	Creatives
personalised trainer at home (we will be more time seated)-	Personalised medicine expert-	3 D printing human organs	maintenance of digital technology machines
app developer	Robot teacher	Designer printing 3d-	software engineers
Online branding yourself adviser-	surgeon performing surgeries through teleconferencing	smart design engineers and architects	Biological Design-
Biological Design-	doctor-	Virtual therapists, counselors and doctores-	Genetic counsellors
online biologist	online ecologist	Online personal divorce lawyer-	Organ Agents – 3D printed organs are now being created and are in hot demand.-
augumented reality architects-	3D Printed Clothing Fashion Designers, Material Specialists, and Stylists-	Crowdsourcing and crowdfunding advisor	Houshold robot engineer / developer
Online car diagnostic	3 D Printing Engineers. Designer of 3D prototypes	Body-Embedded Technology Expert	Gene Programmer
virtual taxi driver	DNA disigner	Petroleum engineer-	IT security consultant
automated truck dispatcher	programmer for educational games	web marketing managers	Materials engineers (research new materials with improved features)-
Chef-	domotics system engineer	Anthropomorphic robot designer	space tourist guide maria
Management Analyst	Virtual Interpreter	Cloud- computing professionals	Digital Climate Analyser
psychologists, jobs in digital fields , jobs in natural	family therapists-	Satellite travellers working for archeological	

resources (wind turbines, sunlights, agriculture)-		schools, governs, geologists and marketing-	
game builders	Civilian drone controller (policeman)	negotiator-	sea garbage collector-
Seaweed farmer-	Mobile technology engineers-	Teaching languages online-	Parental coach-
Online fashion designer-	Creative producer in entertainment field-	Online teacher of Chemistry-	Artificial Intelligence Designer
Online musician-	designer of online teaching materials-	Cyber Detective	Pre-youth animator; i.e. motivating and accompanying incredible potential
Community service manager	Supervisor of service robots	On line personal e-mails writer-	Mechanic for solar cars
Consultant Smart house	Post-natal Online Nurse	Home banking consultant-	Artificial organ designer
Logistic management for resources-	Online sales web designers	virtual tour operators	Haptic programmer
Environmental police	Internet flight controller	omnipotence delimiter (οριοθέτης παντοδυναμίας)	3D tailor
Home manager and carer through internet connection	Wave power engineer	privacy watchmen	On-line image improvers
simulation engineer	Specialist for dealing with socially awkward people	Digital Doula
